## Weekly Newsletter Autumn Term 2 Week 7

Dear parents/carers and pupils,

We have reached the end of a very challenging term. However, there have been enough letters sent about COVID-19 so let's celebrate some other fantastic things that have taken place across the school this week.

As I write this, I can see through my office door Year Three enjoying a fantastic session, via Zoom, led by the Royal Ballet School who are teaching the story of the Nutcracker Suite through dance. Year Four too are also enjoying sessions. There have been lovely comments made by the trainer and I have been incredibly impressed by the quality of the dance performed by our pupils.

Today we have also been able to enjoy Christmas jumper day! During our morning collective act of worship, we took a camera into every class and saw an incredible variety of festive wear. We then enjoyed a delicious Christmas dinner in our classes prepared by Mrs Watkins and her fantastic team who were able to source and prepare everything we needed at incredibly short notice!

Sadly, I need to share the news that today is Mrs Caton's last day with us at William Ford. Mrs Caton faithfully worked at William Ford for 25 years but has now decided to work closer to home.

During our worship today, Maya and Calvin from 6N presented Mrs Caton with a gift on behalf of the staff as a gesture of our gratitude and best wishes for the future. I am sure you will all wish to join me in thanking Mrs Caton and assuring her of our love and prayers for the future. I am also delighted to share that following a successful interview this week, Mrs Finch will become William Ford's Learning Mentor. This is an exciting new role for William Ford. A Learning Mentor supports groups and individuals across the school by addressing any barriers or issues they may have that affects their learning in the classroom. Such barriers include personal issues (bereavement, family situations etc), low self esteem, behavioural issues, safeguarding or anything else that prevents pupils from thriving. I must say Mrs Finch interviewed incredibly well for this role and I have every confidence she will absolutely flourish in this exciting new role. Mrs Finch will be in touch with more information about some of the activities she will be running in the new year.

Finally, as well as celebrating the birth of Christ, we have been able to celebrate the birthdays of all the pupils who were born in December! I am delighted we are able to provide some form of celebration for those who have birthdays and my thanks go to all the staff who, despite being incredibly tired at the end of the Autumn Term, have made this possible.

Finally, for the last time in 2020, I wish you all a wonderful weekend as well as a fantastic Christmas. The pupils have learnt this week about the true meaning of Christmas which COVID cannot change! Throughout the festivities and celebrations, let us remember that God sent his Son, born in a humble stable to be the saviour of the world.

I look forward to seeing you all in the new year.

Mr. David Huntingford  
Headteacher

### Isaiah 9:6

For to us a child is born, to us a son is given, and the government will be on his shoulders. And he will be called Wonderful Counsellor, Mighty God, Everlasting Father, Prince of Peace.

Meet our  
**TEAM**

## This week: Our new menu characters!

Our new menu will go live in January and this will be emailed out soon. On our menu, you will see some new characters (a few pictured here) have joined us. Do be thinking about some names for them as a competition will be launched within the new year. Some excellent examples so far include Mr. Leek Buckingham and Mr. Pearson!

## Reindeer Run!

For the past two years, William Ford Children have raised a significant amount of money for the King George's and Queen's Hospital Charity. Even in this time, we hope to do the same. Our annual 'Great Reindeer Run' will be held in the comfort of your own homes. Make a pair of antlers and wear them on your head while galloping around your garden, house, park or street. We want to see photos on the school community Facebook page or on the designated display board on Purple Mash. If you would then like to support the charity, please donate by clicking on the following link and including 'William Ford School' in your comments. [www.justgiving.com/campaign/Reindeer-Run2020](http://www.justgiving.com/campaign/Reindeer-Run2020)

## Kerry's Kristmas Kountdown Korner

We have been informed by the DfE that for the first six days after the term ends, if a pupil or staff member tests positive for Covid-19, the school is to assist in identifying close contacts. In this case the DfE have instructed us to inform affected pupils and staff about their self-isolation obligations, as the individual who tested positive may have been infectious whilst in school.

If your child develops symptoms between Thursday 17th – Sunday 20th December and a test is taken after this date then you will need to inform the school if the result is positive.

This is important as the school is responsible for identifying contacts at this stage.

Please contact us by emailing [family-support@williamfordschool.co.uk](mailto:family-support@williamfordschool.co.uk) or by texting/SMS 07809 903950.

## Young Songwriter Competition 2021

Mr. Burgin would like to encourage as many aspiring songwriters to take part in the following competition. The Song Academy Young Songwriter competition, now in its 11th year, is the leading international song writing competition for 8-18 year olds. Entrants must write their own song and record it using any app which they have available. Please enter <https://bit.ly/3oXzW8A> into your web browser. Mr. Burgin is always happy to discuss with any aspiring songwriters to provide guidance.

Learning from Jesus Christ, the Prince of Peace, to work diligently, act generously and live at peace with everyone.

*Psalm 34:14 - Seek peace and pursue it.*

# Have you been wondering what your children were up to in school?

## Well, wonder no more....

participate in a live online workshop with the Royal Ballet. This was based upon the classic Christmas ballet, The Nutcracker. The children were amazing and really enjoyed the experience. Finally, the Year 4 team would like to wish all of our children a very happy Christmas and a healthy and peaceful new year.

and the children have been writing their own accounts of the Nativity story and doing other nativity-based quizzes and reading activities. They have also been doing various Christmas based maths challenges and investigations.

In PE, we also played some fun Christmas based games. Meanwhile, in Art the children got to design their own monument (not related to Christmas!).

As the week has come to an end, the children have had a lovely end to a challenging term doing lots of other Christmas themed puzzles and games and listening to Christmas stories.

### Year Six

It was lovely to welcome the pupils back in Year 6 this week. They have been analysing John's Gospel to understand the symbolism and metaphors used to tell the story of Jesus's birth. They designed their own Christmas cards and made them together with a written verse based on the gospel for the inside of their cards. In mathematics, the pupils have been using coordinates to plot and draw Christmas inspired pictures on four quadrants. They also made 3D snowflakes and learnt why Poinsettias are popular at Christmas time as well as making their own poinsettia tree decorations. They also had the opportunity to watch the musical Oliver! to conclude our English unit. We look forward to starting some new and interesting units across the curriculum in the new year.

### Year Five

Obviously, it has been a little bit of an unusual week this week in Y5 with 5P and 5B still working from home for the first two days, while 5H have been in school all this week. We have nonetheless tried to ensure that the work that the children have been doing has been co-ordinated so that it has been the same wherever they have been working.

As you would expect, the work has had a largely Christmas based theme to it

### Year Three

This week we were delighted to welcome back Year 3. I would like to thank all the pupils and their families for the fantastic home learning they completed while our school was temporarily closed. We have concluded this term with an extended story writing task to bring to a close our English unit. In maths, we focused on the different mental strategies and visual aids necessary to complete addition and subtraction word problems. In Science, we have applied our knowledge about light and on reflective surfaces to make a kaleidoscope.

### Year Four

It was lovely to welcome back the Year 4 children for the last week of the autumn term. Being so close to Christmas, the children have quickly got to work by making Christmas cards based on John's Gospel 1:1-14. Keeping with the Christmas theme, the children have also made some beautiful stained glass windows that will look highly effective placed against a window at home. Within R.E. lessons, the children have been studying the Gospel's of John, Matthew and Luke. As an amazing end to the term, two of the Year 4 classes have had the opportunity to
